#RAVAGE

BUILT FOR PRODUCTIVITY AND FLEXIBILITY

The Ravage Bale Processor is designed to maximize your processing time with the ability to hold up to 3 square or 2 round bales including a variety of bale types and sizes. With the live floor design and easy bale visibility, the operator has full control of the processing while having the ability to discharge bales that aren't needed. The adjustable beater and aggression bars give you the flexibility you need to adapt to any bale size while the high performance design has the strength to handle your most challenging bales.

RAVAGE TOP 5 FEATURES

1. Adjustable Upper Beater to Improve Feeding.
2. Easily Adjustable/Removable Aggression Bars.
3. Live Floor Helps Control Bale Processing.
4. Directional Chute to Spread or Bunk.
5. Spring-Loaded Bale Discharge Door.
